

PLEASE KEEP THIS STATION!!!

I listen to this station up to 2.5 hours a day and it keeps me sane durring the rush hour traffic. If I didn't have my Klove I don't know how I could get through the stress of traffic. It is an overwhelming peaceful station that keeps me positive. I don't know again what I'd do if it were to ever go away. Please take me seriously when I say I NEED my Klove. Don't take it away from me and my community. With out this service to the community many people would be without. They inform the people in a Christian manner as to what is going on in the world in a way that is not offensive or crude and safe for my young brothers and sisters to listen to. They also provide information free to the community to keep us informed as to the local events I might otherwise ever find out about. I wouldn't want my young ones to listen to anyother station. I love Klove. Please, don't take it away from me and my family. Thank you.
